Tile Tape a proven material, 0.00625" strong, clear, poly film, resistant to abrasion, chemicals, moisture and UV light. It is easy to use and the best in the **business**. Simply peel and apply; no need to deal with release paper, heat or glue. It does not stretch/ warp out of shape like other adhesive films. Tile Tape can be used for mounting tiles and mosaics of stone, ceramic, glass and metal.

Elizabeth A. Bauer, Pres.

The Walter G. Legge Co. in cooperation with major tile manufacturers, has developed a comprehensive combination of products and procedures for the care and maintenance of all types of rigid tiles, including: ceramic, terra cotta, quarry, sandstone, slate, cement pavers, brick, flagstone, terrazzo, marble, etc. This system was designed to save valuable material and labor costs associated with the installation and maintenance of all types of rigid tiles. All products were extensively tested in actual use trials as well as laboratory settings for conformance to strict performance standards. LEGGE's water-based formulations are completely biodegradable and environmentally friendly. Non-flammable, biodegradable, within VOC limits, water based.
