Sydney - Tuesday - August 12 (RWE) - ASF Group Limited (ASX: AFA) announces that Civil & Mining Resources Pty Ltd ("CMR") has defined an 119Mt maiden JORC Inferred thermal **coal** resource at its Dawson West Project in the Bowen Basin, central Queensland.

The Project is a new **coal** precinct close to operating coalmines, road and rail infrastructure and the townships of Moura and Theodore.

TD

An update on the Dawson West Project is attached.

Information about CMR In December 2013, ASF acquired a 68.205% **stake** in CMR, which is currently held by ASF Resources Limited, a 53.69% owned subsidiary of ASF.

CMR, trading as CMR **Coal**, is a **coal** exploration **company** incorporated in Queensland.

The major assets of CMR comprise 25 Exploration Permits for **Coal** (EPCs), totaling 13,647km² of land throughout Queensland's major **coal** bearing basins and are situated in close proximity to operating mines, infrastructure and proven economic **coal** resources.

Information about ASF: ASF is unique among ASX-listed public companies in Australia.

It is a Sino-Australian investment and trading house which focuses principally on the identification, incubation and realization of opportunities in areas of synergy between **China** and Australia including **oil** & gas, resources, property, infrastructure, travel and financial services sectors.

** Inferred JORC Code (2012) **coal** resource of 118.6Mt defined at the Dawson West Project in central Queensland; **Coal** resource occurs in the Triassic Moolayember Formation of the Bowen Basin, within **M** Seam (average seam thickness of 1.98m and maximum seam thickness of 2.8m); **Coal** quality indicates an export grade thermal product; One diamond and 8 open holes completed for a total of 2816m with an average hole depth of 313m;.

** Dawson West is a new **coal** precinct that is close to operating **coal** mines, road and rail infrastructure and the townships of Moura and Theodore; Cumulative **coal** thickness to date is 17 metres across 17 seams intersected.
