About Sovereign Gold Company Limited:

Sovereign Gold Co Ltd (ASX:SOC) is an Australian-based gold exploration and development company that holds a highly prospective tenement package, for Intrusion-Related Gold Systems (IRGS), in New South Wales, Australia. Sovereign Gold holds 11 Exploration Licences covering over 3,240km² near Armidale in NSW, including the historic Rocky River-Uralla Goldfields. Sovereign Gold's aggressive exploration program in several of these licence areas is funded via a joint venture (at the tenement level) with Jiangsu Geology & Engineering Co Ltd (SUGEC), a major Chinese State-owned geology enterprise. The other area of focus is the Mt. Adrah Project, approximately 50km southeast of the regional NSW centre of Wagga Wagga and 23km northwest of the historic mining district of Adelong, via an 87% interest in unlisted Gossan Hill Gold Limited. This area contains the recently discovered, world-class, Hobbs IRGS deposit which is currently under evaluation.
