Shirley Shih

GPF is the leading supplier based in Asia, specialized in additive-free elastic Nonwovens. We supply patented Elastic Fabrics to baby/adult incontinence products to apply to stretch back ears, waistbands, and pull-up panels. Our unique strength is to supply odor-free elastic laminates to diaper converters worldwide and we do vertical manufacturing from raw material to finished rolls. Our nonwovens and laminates are 100% recyclable, certified by Global Recycle Standard (GRS).

Nonwovens Team

The Lenzing Group is a world market leader in the production of man-made cellulose fibers. As TENCEL[R] and Lenzing Viscose[R] are made from the renewable raw material wood, they are naturally

absorbent, pure and therefore ideally suited for numerous nonwoven applications. The end uses include wipes as well as hygiene, medical and technical products.

Sellars' is a leading manufacturer of wipes, absorbents, filtration, Napkin, and other Nonwoven media that uses proprietary technology to manufacture high performance nonwoven/Paper products from Virgin, Recycled, and/or regenerated fibers. Sellars' Sustainable Green Business Model Our proprietary and patented technologies enable us to use recycled fibers to manufacture high performance and cost-effective nonwovens. Even though our products are made with recycled fibers our customers obtain better performance than the competing virgin products on the market today.
