RWE (CM) Appia Announces Appointment of New Director

Sydney - Wednesday - April 02 (RWE) - Appia **Energy** Corp announces the appointment of Douglas H Underhill to its **Board** of Directors.

**TD**

Dr Underhill PhD, MBA, is a certified professional geologist with over 40 years of international experience in natural resource development and analysis.

He has had broad based responsibilities in all phases of the **uranium** industry, including over eight years with the International Atomic **Energy** Agency, Vienna, where he worked on a world program on **uranium** resources, production, demand, technology and the environment.

He has provided a broad base of services to **commercial** and government organizations with interests in **uranium**.

He has evaluated **uranium** deposits on five continents, including having authored or contributed to several NI 43-101 Technical Reports, and has served as an advisor to governments, including the USA, **China** and Australia.

On his appointment Dr Underhill was granted 400,000 share **purchase** options exercisable at \$1.25 per share for a period of five years.

Appia is a Federally incorporated, unlisted, public issuer in Canada, having filed a Long Form Non-Offering Prospectus in December, 2012.

Appia controls 12,976 hectares, including Rare Earth and **Uranium** Deposits, over five mineralized zones in the Elliot Lake Camp, Ontario, which historically produced over 300 **million** pounds of U3O8 and is the only Canadian camp that has had significant Rare Earth Element production.

Watts, Griffis and McOuat Limited completed a NI 43-101 technical report on the Teasdale Zone entitled, "A Technical Review of the Appia **Energy** Corp Rare Earth and **Uranium Property**, Elliot Lake District, North-Central Ontario, Canada.

dated July 18, 2011, with certificates dated November 7, 2012, written by Al Workman, P Geo and Kurt Breede, P Eng.

Details of the Technical Report can be found on the SEDAR website, [www.sedar.com](http://www.sedar.com).

The **company** currently has interests in 79,438 hectares of claims in the Athabasca Basin, Saskatchewan, some near the Patterson Lake South area as well as around other parts of the Basin.

Appia currently has 41.6 **million** common shares outstanding, 44.6 **million** shares fully diluted.
